VIRTUAL ARTIST
RETREAT

Introduction

I'd like to personally welcome you to my first ever Virtual Artist Development Retreat!

Congratulations on taking the leap and investing in yourself, your craft, and your future.

Before we jump into the busy week ahead, I want to take the time to give you some words of encouragement:

“Only you can control your emotions.”

Don't give anyone else power over your thoughts or choices. You are completely responsible for your own actions. You don't have to live with feelings of bitterness or frustration.

Today, make the choice to turn the page and step into the next chapter of your life.

This retreat is packed full of Master Classes, performances, workshops and exercises. If you're feeling anxious or stressed, don't worry!

Throughout this week, you have full access to my team and myself. We are here to help! If you are having difficulties with any of the concepts or exercises, please let us know!

It goes without saying that this year will be one to remember. But how will you remember it?

What choices will you make -- today -- that will change your life forever?

I wish you all the best!
